April 2017

Mom of the Month

Sometimes you just can't find somebody to watch your kids on short notice - so you bring them to your lesson! Julianna Heyward didn't let anything get in the way of her lesson, she just brought her kids along for the fun. Guitar Teacher Tony Savarino was happy to have the extra company during their lesson.

Student of the Month

March Student of the month is Dhruv Bhargava:

“Dhruv only recently starting taking violin lessons and he is making amazing progress. He is doing great with his bowing and left hand technique. His posture is improving every lesson and before you know it he will be catching up with his mom and brother in Suzuki Book 2.”
